Applications: Microsoft Word, Excel, PowerPoint, Adobe Photoshop, Microsoft Office, TempsPlus, VS Code, Git Bash

Tools: Bootstrap, Materialize, Slack, Skype, Zoom

PROJECTS

Gamer Groups | github.com/morrisonlk/gamerGroupFinder | gamer-groups.herokuapp.com

- This website is made to provide an easier way for users to find or make groups for playing games together.
- Responsible for the Views part of the MVC. Utilized Handlebars and HTML to develop the pages. Also deployed to Heroku, assisted with pushing to and pulling from GitHub, and provided backup on the other parts of the project.
- HTML, CSS, Express, JavaScript, Handlebars, BCrypt, MySQL, Sequelize, Heroku deployment, date-fns, and MySQL Workbench for initial database

Marvel Character Directory | github.com/leviathan902/Marvel-Character-Movie-Selector | leviathan902.github.io/Marvel-Character-Movie-Selector

- Developed a website with a group that pulls information from API's to display based on what Marvel character the user chooses.
- Developed the JavaScript file and made minor adjustments to CSS and HTML so they would flow well.
- HTML and JavaScript with Materialize CSS elements.

Weather Dashboard | github.com/ashleyaggie/WeatherDashboard | ashleyaggie.github.io/WeatherDashboard

- Created a website that shows the current weather in whatever city the user searches and provides the forecast for the next 5 days.
- This was a solo project
- Mostly JavaScript with some HTML and CSS.

Horiseon Code Refactor | github.com/ashleyaggie/HoriseonCodeRefactor | ashleyaggie.github.io/HoriseonCodeRefactor

- Tasked with refactoring a website's code to make it more accessible.
- I refactored the code to fit with accessibility standards, including using HTML semantic tags, giving all images alt tags, and making sure colors are accessible to color-blindness.
- HTML and CSS

EXPERIENCE

Administration Payroll Specialist Results Staffing

2019– 2021
Dallas, TX

Responded to multiple types of government forms and processed payroll for temporary employees in a timely manner as part of the Payroll team. Updated daily report spreadsheets for upper management. Also provided backup for the other members of the Payroll team as needed.

Key Accomplishments:

- Employee of the month in November 2019

Administration Assistance Specialist Results Staffing

2018– 2019
Dallas, TX

Delegated work requests from internal employees to the employees that could take care of them, providing minor IT fixes and acting as a liaison with the external IT company in the process. Also tasked the maintenance specialist with weekly responsibilities and process management expense reports.

Hardware Installation Coordinator The Reynolds & Reynolds Co.

2016– 2018
College Station, TX

Coordinated hardware shipments for field technicians that included spot-checking the hardware orders, clarifying hardware contracts, and providing customer service to the field technicians and customers. Participated in conference calls for contract clarification and answering questions and worked with others on the Hardware Install team to collaborate on projects and contribute backup as needed.

Key Accomplishments:

- Performed a high-detail hardware update project solo
- Aided in writing the procedures for job position as it evolved

EDUCATION

Full Stack Web Development Certificate: SMU University, Dallas, TX

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars.js & ReactJS.

Bachelor of Arts of English - Creative Writing Track: Texas A&M University, College Station, TX

Minor in Art - New Media Track: Texas A&M University, College Station, TX

Study Abroad Spanish Class: Kukulcan Language Center, Cuernavaca, MX

Four week study abroad learning about Mexican culture and the language. Stayed with a host family and went on trips to other cities in Mexico to explore the country more.
